EDMONTON, ALBERTA, TUESDAY, JULY 21, 1953

## Dispute Mars Everest Conquest

CENTRE OF A DISPUTE as to who was the first to reach the top of Everest, the world's highest mountain, and as to who deserves most credit for the conquest of the mountain are Sir John Tenzing, left, and Sir Edmund Hillary. Sir John Hunt publicly stated that Hillary was the first to reach the top.

## Crossfield News Briefs

Mr. and Mrs. Jim Krouse, Burnaby, B.C., Mr. and Mrs. Ted Wonsmos and Andy of Westward Ho, were all recent visitors at the Ronneberg home.

Las Sunday the Ballams and the C. Foxes spent a cool afternoon at Bowness.

Mr. and Mrs. Charlie Laut, Hamilton, motored to Crossfield where they spent a short holiday visiting friends and many relations. Charlie flew back to his work on Sunday last and his wife and sister motored on to enjoy Banff and vicinity before returning East.

Mr. and Mrs. Mair, Calgary, formerly of Crossfield, left recently by car for a holiday in the States and Vancouver. They hope to meet their son Harold and family in the States and then resume their trip to B.C.

If you care to renew your subscription to your local paper, see or write your local editor who will send a receipt by return mail.

Summer School has been in session all last week in the Catholic Church, preparatory to a first communion class to be held July 18. Father Hamilton and two instructing sisters from Edmonton were in charge.

Miss Daisy Robinson has been renewing old acquaintances in town last week and was the guest of Mrs. Eileen Bills.

Mr. Bernard Nixon of Victoria, Mr. and Mrs. Gordon Breckel and son, of Medicine Hat, Mrs. Ethel Nixon, Calgary, Hon. and Mrs. Ivan Casey, Edmonton, were all recent visitors at the Bert Bannister home. Hon. and Mrs. Casey were enroute home after having officiated at the opening of the new 4th St. subway in Calgary.

Mr. and Mrs. E. Van Holland of Rocky Mountain House were recent week-end visitors at the home of Mr. and Mrs. Keith Bannister, Mrs. Van Holland being a sister of the latter.

Mrs. Chas. Northcote spent a short stop with her sister, Mrs. Garnet Oneil, leaving her daughter Betty Ann to enjoy a visit at the farm.

Mr. Bob Hanson is recovering after having cut his foot in a power lawn mower.

Rev. Pringle from Oyen was recently inducted in the United Church of Crossfield. Those officiating in service were Rev. Bill, Rev. Parsons and Rev. Macleod. A tasty lunch was provided and served later in the church parlor, where many were privileged to meet Rev. and Mrs. Pringle, who are noted for their untiring efforts in church work.

Mr. A. Bailey is to be thanked for his service in keeping the basement of both manse and church pumped free from water. This has been and continues to be a battle in our town, where almost every home has had to procure and use a sump pump.

Mrs. Lennon has moved to a new suite in Hillhurst, Calgary.

Lorna Bland, talented young pianist of 10 years, in grade VII at school and in grade VI music, received first class honors in her musical examinations with a passing mark of 89. In February in Grade I Theory she also received first class honors with 92 per cent. Other talented pianists who wrote exams in Calgary were Lillian Aldred, Norma Borbridge, Neil McDonald and Helen Edgar, and first class honors were held by most of the students.

Mr. and Mrs. Alex Wakoluk are spending a week at Vancouver.

## Justice Minister Defies Other Parties To Show Similar Record

DAUPHIN, Man.—Speaking at a public meeting in Dauphin recently, Justice Minister Garson defied the other political parties to show a record equal to the Liberals.

Quoting from the English publication, the Economist, which said that Canadian affairs "have been handled with a skill unexampled throughout the world," Mr. Garson termed the publication as "the greatest economic journal in the English language."

Let the Conservative and CCF parties produce from any source whatsoever an appraisal of their achievements which will match this.

In his attack on the Progressive Conservatives, Mr. Garson said, "George Drew is unwittingly deceiving no one but himself in his promise to reduce taxes and increase expenditures."

The justice minister said he would not go so far as CCF leader Coldwell, who said Mr. Drew's promise is "the most calculated piece of deceit," since William Aberhart promised the people a free pension of \$25 a month in the name of the Social Credit.

"To give Mr. Coldwell his due, he is much more honest than some other public men in admitting his proposals will add substantially to our tax burdens," Mr. Garson said.

"Mr. Drew, with his usually masterly vagueness, is promising much of what Mr. Coldwell promises, but at the same time is including a \$500 million-per-year tax cut."

Mr. Garson said Mr. Coldwell's idea "that he can carry out his program by soaking the rich is a fantasy."

Canada's national taxable income was distributed so well that a "comparatively small part of it goes to the rich."

## Crossfielders Attend Leaders' Course

CROSSFIELD — On July 8, a Leaders' Conference dealing with grains, beef, sewing, food grading, etc., was held at Olds. At this "Club Week" one member from each club received an efficiency scholarship which allows them a week's schooling in Olds. Miss Joyce Jensen of Crossfield, was the winner from Crossfield.

During the course of the conference several of the Crossfield girls contributed to the program. Miss Barbara Bills, thrice winner, gave a thoughtful address on what club week can mean to an older member. Her talk was very much appreciated.

Evelyn Banta and Layonne Becker, both of Crossfield, also performed a "sample" demonstration on the culture and kinds of shrubs, which exhibited the technique applied in this art.

A banquet was very much enjoyed, at which two garden club members were honored when they were made the recipients of five-year plaques, which designated the five years of service. Mrs. Frank Laut, Crossfield, accepted her presentation and also that made to Mrs. William Aldred, who was unable to attend. She suitably responded for herself and Mrs. Aldred.

Mr. Jim Baxter, Crossfield, represented the Beef Club.

Those who were privileged to attend thought their time was very well spent and their knowledge of leadership broadened considerably.

A dance was also enjoyed.

## Interest High In Baseball

CROSSFIELD—More and more people are being interested in baseball, and are happy to find the dates and games posted on the bulletin board and various posters about town.

Sunday week the Crossfield team took a beating from Madden and then turned around and beat Airdrie. However in Wednesday's game Airdrie reversed the score and Crossfield was the loser, even though they almost evened up a big margin in the latter part of the game, Airdrie came in with a few more runs to clinch it.

Some of the local fans are wondering if a booster's club could be formed by getting competent speakers from Calgary to present their ideas.

## Isolated Weatherman Requests Sun

WAUGH—Emil Stasyshyn is stationed at Ahshihik, Yukon. He is the chief weatherman, in charge of seven others.

In a recent letter to his parents, he states that he finds life very lonely, at that northern outpost and has requested all copies of the Edmonton Sun to help him keep in touch with the district news.

## Crops Damaged By Hail Storm

ESTHER — A heavy hailstorm occurred earlier this week when hailstones, some as large as walnuts, pelted a region south of Esther and Loverna districts. Damages run as high as 80 per cent, although there is some chance that early crops will recover.

## Record Crowd Hear Prime Minister Open Edmonton Jubilee Exhibition

EDMONTON — Though cloudy skies and threatening weather curtailed the overall attendance at the Exhibition turnstiles, a record number of patrons were on hand in the grandstand to take in the chuck-wagon races and hear the prime minister's opening address.

A crowd of 37,106 attended the opening day's activities at Edmonton's 75th Anniversary Exhibition, 239 less than last year's 37,345 patrons, grand-stand activities showed an increased number of spectators pass through their turnstiles. A total of 8,502 were on hand for the evening attractions.

Race fans this year pushed more money through the wickets Monday than did last year's opening crowd, \$111,042 compared to last year's \$99,971. There were more bettors on hand last year too, 4,005 compared to this year's opening day throng of 3,814.

Crowds started to move into the fair grounds shortly after the huge parade in the morning, and crowds were still present at midnight. The mid-way and concession booths were ready for the hordes of happy fair-goers and during the supper hour the concession booths did a rushing business.

In his address to the more than 8500 patrons, the Prime Minister praised the spirit and thought and effort that went into the Exhibition. Introduced by Mr. Lawrence Rye, exhibition president, the Prime Minister was presented with a scroll outlining the occasion of the visit and the honor felt by the association and citizens in having him open the anniversary celebration.

Expressing his regret at not hav-

## Abbott Doesn't Mess With Own Income Tax

VANCOUVER (BUP)—Federal Finance Minister Douglas Abbott admits he doesn't fill out his own income tax form.

In Vancouver on a political tour Abbott said he leaves it to his secretary to figure out how much he owes the government. Abbott added "I'm not so hot on household finance, either."

The U.S. Commerce Department reports American travellers spent about \$1 billion touring the world last year with France and Italy and the United Kingdom receiving a major share of the American travel dollars.

This is to announce that

### Crossfield News Briefs

Mr. and Mrs. Merv. Dawn are the proud parents of a son born in a Calgary hospital July 11.

Mr. and Mrs. Mervin Stafford are happy in the birth of a daughter July 9.

Mr. and Mrs. Jack Backs are receiving congratulations on the birth of another son in Holy Cross Hospital July 7.

A number of Crossfield old timers attended the funeral of Mrs. P. C. Cowling from Jacques Funeral Home on Wednesday, July 8. Mrs. Cowling will always be remembered in Crossfield for her tireless work in the school she established in her own country home, for children with a mental handicap. These little children were boarded, roomed and taught by Mrs. Cowling until her health failed, and she was forced through it to give up her life's work.

Mrs. Ed Fraser is recuperating after a major operation in Holy Cross Hospital. All her friends are wishing her a speedy recovery.

Mrs. Banta Sr. had a little setback which prolonged her stay in hospital but it is hoped that she will soon be up and around enjoying restored health.

Mrs. Margaret Wigle visited at the home of Mr. and Mrs. A. M. Wigle last week.

Mr. and Mrs. Dallin of Victoria, B.C. with their daughters June and Nancy and son Robert spent a short visit with Mrs. Bert Lilley. Also visiting from Vancouver at the Lilley home were Mr. and Mrs. Wallie Barnes and three children and Mr. and Mrs. Bill Gordon, Vancouver.

Saturday Mrs. Brock Campbell was very surprised and pleased to receive a visit from her sister Gracie and daughter Shirley, who were returning to their home in Medicine Hat after having visited her parents and family in Dawson Creek, B.C.

There has been some hail around 15 miles west of Crossfield and as each cloud gathers Crossfielders find themselves anxiously hoping for the best. Much of the late sown wheat and barley has made rapid strides. The wheat is heading so hail could do a lot of harm.

Miss Phyllis Clarke is the new voice you hear on the switch board. She is making her home with Mrs. Lilley.

Mr. and Mrs. W. Hurt write that they are enjoying a little cooler holiday in Oregon than they did last year, and are having a wonderful visit with their daughter Helen and her husband Ken Gross.

Mr. Jim Taylor has replaced Dave Pickard, who is with the CPR in Medicine Hat.

In Sault Ste. Marie, Michigan, a train smashed James Ermatinger's automobile on the left side, spun it around and then smashed it again on the right side; the driver suffered minor injuries.

### Prime Minister's Son In Alberta Hustings

EDMONTON (BUP)—Jean Paul St. Laurent, son of Prime Minister St. Laurent, began electioneering in Alberta last week and predicted the Liberal party will double its present five-seat representation from the province in the August voting.

Stressing the theme of stable government, the husky, dark-haired son of the Prime Minister said at a press conference that "the Liberal party is the only group able to provide Canada with stable government."

He derided Social Credit efforts in the national field, and said that the only alternative to a Liberal government would be a Social Credit-Conservative coalition.

Young St. Laurent said he "might even make a bet" that Liberal candidate C. B. Carignan will beat national Social Credit leader Solon Low in the Peace River riding.

The prime minister's son said he was touring western Canada "because things are going so well in the east I'm not needed there."

Asked how long he would be in Edmonton he said "I was on my way to the coast with dad when I got instructions to come here and I'll stay in the district until I'm asked to move on somewhere else."

### New Practice In South Edmonton

EDMONTON — The growing business section of Whyte Avenue West in South Edmonton has added another professional office to its already varied number of business and professional establishments.

The new office is that of Dr. H. W. Beyerstein, chiropractor, who was formerly in practice at Camrose, Alta., having started there in 1942.

A man of many interests, Dr. Beyerstein is the former Social Credit MP in the now defunct Camrose riding. At present he is secretary of the Alberta Chiropractic Association, and is the Alberta representative on the

Dominion Council of Canadian Chiropractors, as well as being the Canadian representative of the International Chiropractors Association. While in Camrose Dr. Beyerstein was a member of the Lutheran Church, president of the Camrose Camp of the Gideon Society, and was a past president of the Camrose Rotary. He plans to carry on his active work in the church, service, and community clubs while here in Edmonton. Dr. Beyerstein is married and has two boys.

### Surplus Put At \$24,000,000

OTTAWA — Recently Finance Minister Abbot estimated that the government had a 1952-53 budgetary surplus of \$24,000,000.

This amount is just half that Mr. Abbot had estimated in his budget speech of February 19, but is almost three times that he forecast at the beginning of the fiscal year. Then he estimated a \$90,000,000 surplus. This is the seventh consecutive surplus for the government.

### New Meters For City

### Candidates Announced In Jasper-Edson Riding

EDMONTON — The extensive Jasper-Edson constituency, one of the 22 largest in the Dominion, will have four candidates running in the forthcoming federal election, August 10. Nominations closed Monday, four weeks before election day in this riding because of the large area this constituency covers. Only 21 others in the Dominion have this early closing date.

J. W. Welbourne, the sitting member, will seek re-election running against John Liss of Sanguo district, the CCF nominee; J. W. Lee of Evansburg, the LPP candidate; and Charles Yuill of Barrhead, running on the Social Credit ticket.

Mr. Welbourne is a farmer who resides in Edmonton. Mr. Liss owns and operates a fine farm in

the Paddle River district. J. W. Lee of Evansburg is listed as a farmer, and Mr. Yuill's occupation is a butcher.

## Bullet Goes Through Floor

CUMBERLAND, Md.—Pfeiffer, 3-year-old son of a Cumberland policeman, was wounded when a shotgun blast tore through the floor of his apartment home from the apartment underneath. An intoxicated inmate of the downstairs apartment was responsible for the shooting.

## Mother Saves 3

ST. LOUIS.—Her house ablaze and flames cutting off exits from the home, Mrs. Rosalie Smith, 41, tossed her three young children to a passer-by from a second floor window and then leaped to safety with a fourth child in her arms. She was taken to a hospital for treatment of first and second degree burns on her arm and back.

## Helping Hands

BALTIMORE, Md.—Realizing the seriousness of the cause, three children—Nancy Kanow, 10, Julia Levy, 10, and her brother Steve, 8, raised \$4.02 as their contribution towards the Children's Hospital's fight against polio. The children danced and performed acrobatic acts for neighborhood fans attending their backyard circus.

## A Big Job

REGINA, Sask.—The nurses attending the annual convention of the Saskatchewan Registered Nurses Association, were told by Grace Motta, acting president, that "the future of nursing depends on the ability of individual nurses to improve the quality of care given to patients—and to include in this care the education of the patient and families. That's a big order."

## Jumps 6 Floors; Walks Away

PORTLAND, Ore.—Douglas Bentley Allen, 34, of nearby Beaverton, jumped out of the window of a doctor's sixth-floor office, landed on top of an automobile and was able to walk away. X-rays taken at a hospital showed not even a broken bone. The impact of his fall shattered the car's rear window and caved in the auto's trunk.

## Meet With Bang

YAKIMA, Wash.—Leslie Goodykoontz was looking for his nephew, Joe Goodykoontz, whom he had not seen in 17 years. Intent on finding Joe's house, Leslie ignored the traffic. An oncoming driver slammed on his brakes to avert a smashup with him and skidded into a utility pole. The irate driver was Joe, the nephew. Uncle Leslie got a negligent driving ticket anyway.

## 725-Lb. Man Wed

BUYRUS, Ohio.—Charles (Tiny) Kinsey, 32-year-old service station operator who weighs 725 pounds, recently married Miss Beverly J. Hankinson, 24, who weighs a mere 162 pounds.

## Good Record

PHOENIX, Ariz.—For the third consecutive year, a graduate from the North Phoenix High School has won a \$4,000 science scholarship to Stanford University. This year it was Karen M. Spangler, 17, who was the winner. Last year Steve Thomas won the prize and Alice McKinley won it in 1951.

### The Reluctant German

Whatever the reason, the people of West Germany, though fearing Soviet Russia, are hesitant about doing anything to assist in the defense of Europe against a possible onslaught of Red forces from behind the Iron Curtain.

Why should there be this change in German attitude? Has there been a real and radical change of heart—does the German now feel that, after all, war is wrong and regardless of possible outcome he'll never go to war anymore? Or is it just that he's had a too-recent belly-full of bloodshed and hasn't had time to digest his gorings and hence hasn't yet developed a taste for more militarism.

One thing is certain. The West will be hard to defend against a Russian invasion without the active support of West Germany. And that will be next to impossible unless the German people plunge into the business of building a defense force, right away, that will help to discourage Russia from contemplating war in Europe.

### Alberta's New Decision

The Alberta Government recently turned down an application by the Federation of Agriculture to have marketing boards set up in the province. Their official statement is as follows:

"The legislature majority feels that every farmer should have the right to market his own production in any manner he chooses and that no farmer should be compelled to market his production in a manner that might be agreeable to the majority of his fellow farmers but not acceptable to him.

For legislature arbitrarily to interfere with a farmer's right to market his own production as he sees fit, even if the particular method of marketing adopted is acceptable to a majority, seems to us to be incompatible with the established and recognized position that no one has a right to tell a man how and where he can dispose of his own property."

"In view of this most important statement by the Alberta Government it now remains to be seen how far the Alberta Government will re-examine their present support of compulsory wheat and coarse grains marketing which most certainly does compel thousands of farmers to market their wheat, oats and barley in a manner that might be agreeable to the majority but which is not acceptable to them.

### Hollywood Coming To Alberta

Due largely to the impact of Television the Hollywood Picture business has been in the doldrums during the past year or two. But the increasing interest in 3 Dimension is giving new hope.

Also because of the grandeur of our Canadian mountain scenery, with its vast vistas, and of the big industrial developments in Canada, which lends itself so happily to the making of this type of films, as well as the chance of by-passing some of the income tax handicap these big movie producers are turning to Canada for the scenes of their pictures.

All across Canada from Newfoundland to Kilmat, B.C., using the Atomic Power Development, Iron Ore, Uranium, Calgary Stampede, the Mounted Police and their Musical Ride, the Banff and Jasper Park highway, exciting shorts and some full length pictures of adventure struggle and achievement are to be filmed. Big producers and noted actors like James Stewart and Alan Ladd will be working in Alberta in the next few months.

The film industry has been hard-pressed to meet the changing conditions of recent years. With more people finding diversion in Television and motoring the movie magnates have had to struggle to keep out of the red. Maybe more refreshing outdoor Canadian scenes will be good for business.

### Bible Today

For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.  
—2 Timothy, I; 7.

## Side-Shows In Politics

(Calgary Albertan)

During the 1949 federal election campaign Mr. George Drew, the Conservative leader, tried to establish that there was something of a scandal in the government's dealings with an aircraft factory. Because nothing had been heard of it prior to the campaign, the voters assumed that Mr. Drew had manufactured the case for political purposes, and their respect for him was not enhanced.

The other day Mr. Drew alleged there were communists in responsible positions in the employment of the federal government. Apparently he is trying to emulate the successful tactics of Senator McCarthy of the United States, and more will be heard along this line.

Prime Minister St. Laurent has denied any knowledge of such a situation and challenges Mr. Drew to bring out his proof.

The Conservative leader should appreciate that most Canadians have a somewhat different political sense than what Senator McCarthy appeals to.

The attitude of most Canadians, we are very sure, is that if Mr. Drew has evidence of any such employment of communists, it was his duty to disclose it to Parliament, which was in session not many weeks ago. That's what Parliament is for. Mr. Drew is leader of the Opposition, and he's paid by the Canadian taxpayers to oppose the government on the floor of Parliament, to make his accusations there and produce his evidence there. If he possesses information important enough to be made an election issue, he was negligent in his official duty in hiding it from Parliament.

Whether there are any communists in the government service we don't know. Mr. Drew could be right. But we do know that his timing and his method of raising the issue almost force the average voter to conclude that this, too is nothing but a political stunt and that its author cannot be taken seriously.

Can Canada afford a prime minister who is not to be taken seriously?

### No Fighting Issue

The current Federal election campaign is one wherein the opposition forces have no real plan or platform to offer as a substitute for the Liberal administration of the past 18 years. Political observers in Canada and in foreign countries agree that there is no better-governed land than Canada.

Mr. Drew is like the proverbial drowning man clutching at straws. Four years ago he carried on a lusty campaign against the type of engine being used in TCA planes. This time he has a grandiose scheme to increase government expenditures by one billion or more a year and still reduce taxes by half a billion.

Clearly, such ridiculous propositions show that there is no real issue being fought in this campaign.

### Crop Scares

We are now in the period of crop scares. We are hearing the following predictions: We've had too much rain, so much land is flooded. Farmers, therefore, have abandoned a lot of acreage. Grasshoppers will take a lot of the crop. Wireworms and cutworms are damaging the crop. Hail will be worse than usual. The crop is late, so the frost will surely get it. The 15-D rust will damage what is left. Even if we harvest a good crop we shall never be able to sell it. And so it goes, with these direful predictions during the course of almost every crop in the making. Some years, of course, the crop is actually poor, and in other years in spite of all these hazards a good crop is produced. Somehow or another, however, in spite of it all a fair crop usually comes through, indicating the remarkable power of our grain varieties to survive in spite of all the hazards of weather, insects and plant disease. Had it not been for these remarkable powers of survival our domesticated plants, so agriculture, would long ago have disappeared from the earth.

One good forecast can usually safely be made: the crop will never be quite as good as some people think, and will never be as bad as some predict.

## Voice of the People

### HORSE POWER AND OLD HARNESS

Here's a problem I have not seen mentioned in your paper to date.

In rummaging around the old barn I find that harness and parts from the days of horse power farming still remain. This is a thing common all over the Prairies where mechanization has taken place. Tons and tons of harness, parts and collars are going to waste, while in places where horses are still used high prices are being paid for such articles. I just wonder if it is not possible to bridge this gap, and connect the ones whose old harness is going to waste with those who may need collars, traces, harness and straps to repair and replace their stocks. If this could be done I am sure substantial savings could be effected and a lot of waste stopped. Would this be worth while? Seemingly Endless Prosperity may not last forever you know. What do you think?

Arne Notland.

Morrin, Alberta.

### HANG 'EM, HE SAYS

Stop your silly argument that the death penalty should be abolished. Every murderer and every traitor should be hanged, regardless. At long last the Rosenberg rats have been exterminated. Congratulations to President Eisenhower for not showing mercy to these traitors.

FRENCH READER.

Quebec, P.Q.

### WE'RE GLAD TO HELP

You were kind enough to print our letter regarding stamp collecting at this veterans' hospital. To date we have received over 500 pieces of mail and several thousand stamps from all parts of the country and several foreign countries. We 30 are grateful vets, thank you.

LYLE E. RICHARDS.

Downey, Ill.

### APPEASEMENT DOUBT

The Communist leaders seem to be getting just what they want in Korea — another chance to build themselves up. I wonder: will appeasement in Korea really save lives, or will it lead to an even greater slaughter of our boys?

WONDERING.

### THE PRICE OF WHEAT

Many farmers are greatly confused about the future price of wheat under the International Wheat Agreement. "What's this talk about lower future prices to farmers?" they say "when there is a definite price of \$2.05 set under the International Wheat Agreement."

The truth is that it is not at all certain that farmers will receive the \$2.05, for in spite of the present belief of many the \$2.05 is not a definite price, but is only the maximum above which price cannot go. The only price assured under the agreement to our farmers (and even this is not a positive assurance) is the minimum of \$1.55. Between the maximum of \$2.05 and the minimum of \$1.55 the price farmers will receive (basis I Nor. Fort William) may fluctuate, and will be in accordance with the open market price of wheat, which open market price is usually represented by the Class II price set daily by the Canadian Wheat Board.

What the actual price to farmers will be after August 1st next is quite beyond the ability of anyone to forecast or to guarantee. Winnipeg.

H. G. L. STRANGE.

## **LETTER TO LOUISA**

### **Should A Hard Working, Ambitious Girl Marry A Jealous, Lazy Man?**

Dear Louisa:

I am a 27-year-old farm girl. A few months ago I became engaged to a boy a few years older than me, whom I thought I loved. Now, as the time draws nearer to the date we had set for marriage, I become less certain whether I made a right choice or not.

I am ambitious type. I have been doing housework and outside chores such as driving tractor, etc. I have earned some money, which will come very handy in helping to make a home some day. My only mistake is that I have never worked anywhere but home, since having nearly completed my high school education.

My fiance is also a farm boy, but he isn't ambitious. Just lately, I've found out that he isn't a good worker and always has to be told what to do and when to do things. If I ever look at another boy, he is very jealous of me. I am fairly quiet myself, but I don't need anyone to order me around.

Now everything is so complicated I just don't know what to do.

Louisa, please give me some advice. I realize I am not so young. Should I marry this boy or shall I still look around?

**WORRIED.**

Dear Worried:

Not all successful marriages are made by people who are identical in their ambitions and personality make-up. Many are complementary to each other. That is, the ambitious man or woman, used to going ahead and doing things on his or her own, will get along quite well with a docile mate who has to be prodded into doing everything.

At your age, you should consider if you have any real prospect of meeting up with someone about your own age who more nearly fits your ideal of a good husband.

Then you should take a pencil and a piece of paper and write down on one side your fiance's

good qualities and on another his poor qualities. If he is a good living man, sober, preferably your own religion, and if his parents have a respectable home, I'd say you aren't making any mistake in marrying him. The fact that he is not as ambitious as your self and has to be told what to do is more likely a good quality for him as it balances off nicely or "complements" your own qualities of ambition and strong will.

If you feel you are no longer in love with him, that's another story. In that case you'd best ask him to postpone the wedding and meanwhile try and get away on a trip to some other part of the country. Visit friends or relatives where you can meet new friends. And if you still love the boy when you get back home set a new date and get married quick!

**LOUISA.**

## **Canadian Highway Finished By 1960**

Deputy minister of resources and development, Maj-Gen. Hugh A. Young, who visited Calgary this week, said it is expected that the coast-to-coast Trans-Canada highway will be completed by 1960.

The highway through the prairie provinces, he said, should be ready for through traffic by 1956. The federal government will be building part of the road through the Banff National Park and it is planned to build the road from the park gates to Lake Louise in such a way that it can later be widened into a four-lane highway.

Maj-Gen. Young, who is also commissioner for the Northwest Territories and who was former general staff officer, grade two, at MD 13 in Calgary at the beginning of the last year, said that the greatest difficulties in construction were occurring in the mountainous terrain of British Columbia, in Ontario, and also in the Maritimes.

## **Mine Plans To Sue Union**

**TIMMINS, Ont. (RUP)**—Broulan Reef Gold Mines has told the powerful United Steelworkers of America it would sue it for damages, including loss of profits, for shutting down its rich Porcupine goldfields with a wildcat strike.

Walter F. Brown, mine manager, said in a letter he would file the civil suit against the union, its officers and any members taking a direct part in the "illegal stoppage" and would ask to be reimbursed for damages including maintenance and lost profit.

Union officials said there was no precedent in the courts for a civil damage award against a union. However, an arbitration board last year ordered the United Electrical Workers to pay \$9,208 damages to Canadian General Electrical for an illegal strike. When the union refused to pay, the company collected it by withholding checkoff dues paid by union members.

More than 350 gold miners struck over a wage dispute at Preston East Dome mines Monday, bringing to eight the number of mining properties shut.

The walkout swelled the number of striking miners in the Porcupine mining area here to about 725 workers at Broulan Reef and Hallnor Gold Mines quit Saturday. Five properties operated by Broulan were closed and picketed.

## **Canadian National Using Diesels**

**EDMONTON**—Canadian National Railways announced here Tuesday that it now has diesel locomotives running west from Edmonton for the first time.

# **\$1 for BRIGHT SAYINGS**

The Editor will pay \$1.00 for each child's saying printed. To qualify, item must be true, personal remarks of a child known to the writer. Address: Bright Sayings, P.O. Box 4480, South Edmonton.

After filling up at the Ladies' Aid tea in Amisk, Glen, our five-year-old son, finished up with an ice cream cone. On arriving at Hughenden five minutes later he remarked: "Hm, funny, I just got hungry at the right time."

**MRS. SVEN NELSON.**

**Hughenden.**

## **Police Bullets Halt Suspects**

**EDMONTON (RUP)**—Two men arrested shortly after a break-in early Wednesday were remanded until July 23 when they appeared in police court on charges of breaking and entering.

The pair, Joseph Dencer and Nick Gordichuk, were arrested by two prowler car constables after a warning shot had been fired at them.

Police said the pair had broken into the Midwest Paper Company. Gordichuk was captured by constable Robert Robertson and Dencer was found in his parked car by Constable John Tilson.

The office, police said, had been damaged to the extent of several hundred dollars. J. H. Mills, manager, said although the amount of stolen cash is not definitely known, two cheques, totalling about \$275, are missing.

Dept. of National Health and Welfare

## Health Unit Notes

### EYE STRAIN

Our eyes have developed to see best outdoors in good daylight. The diffuse sunlight then about us does not injure the eyes and close work can be done without eye strain. However, modern conditions require us to work often in poor daylight and at least part of every day under artificial light. Since the light under these conditions is often unsatisfactory it is not surprising that so many persons complain of eye strain. The commonest cause of this eye strain, as you may suspect, is prolonged use of the eyes for close work under poor light. Under such conditions it is not the nerves of the eyes which play out but the muscles which move the eyes and change the focus of the lens and the size of the pupil. All these muscles become fatigued while trying to keep the eyes adjusted for good vision under poor lighting conditions.

Artificial light, if properly shaded to prevent glare, will not harm the eyes. Fluorescent light is the best type, but adequate light can be obtained from ordinary frosted electric light bulbs or from kerosene lamps, provided the light fixtures are numerous enough and properly situated. The amount of light actually reflected on the work should equal at least 25 candle power. Some tasks may require up to 100 candle power. If a light meter is not available, the necessary amount of light can be judged by the ability to see the work comfortably without apparent strain. Even with light of 25 to 50 candle power on the book or work, eye strain will develop if the background is too dark. The marked contrast between the bright light on the work and the dark background is annoying and fatiguing to the eye muscles. This is partly due to the constant changes made necessary in the size of the pupil to compensate for the greatly varying amounts of light which enter the eyes as the gaze alternates between the light on the work and the much darker surroundings. To avoid such unhappy contrasts the background should be illuminated uniformly with non-glare light of less intensity than that on the work, but bright enough to prevent sharp contrasts. This background illumination can be obtained by combining sufficient natural or artificial light sources with suitable reflecting surfaces on ceilings, walls, furniture and floors.

This can be obtained by having the ceilings dull white or some off-shade of white; the walls light shades of ivory, buff, blue or green. Windows are best situated so that the main light enters from one side, other windows should be screened to prevent confusing cross lighting. When natural light is used extensively there will be areas far from the windows where

## Grain Marketing Increase Is Shown For Alberta

EDMONTON — A summary of general statistics issued by the department of industries and labor last week showed a slight increase in grain marketings for the 1952-53 crop year.

Alberta farmers marketed 188,326,000 bushels of grain during the first 10 months of the crop year which ends July 31, the report said. Marketing during the corresponding period of the 1951-52 crop year totalled 181,497,000 bushels.

Wheat marketings for the 10 months dropped from 110,992,000 to 107,790,000 bushels, but marketings of other grains—oats, barley, rye and flaxseed—increased from 70,505,000 to 80,536,000 bushels.

Livestock marketings during the first four months of 1953 were considerably higher than during the corresponding period in 1952 due to the lifting of international and interprovincial embargoes which followed eradication of foot-and-mouth disease.

Crude-oil production during the four month period increased 36 per cent over the corresponding period of 1952 and the value of crude sold increased 29 per cent. Natural gas production jumped 13 per cent.

Coal production continued to drop in the early part of 1953. Production was down 25.5 per cent and the value of the coal sold dropped 29 per cent in comparison with 1952.

Gross sales of new motor vehicles increased from 11,368 to 16,812 and the value of motor vehicles sold increased 45 per cent.

A total of 3,457 building permits were issued in Alberta during the first four months this year with a total value of \$32,387,220, compared with work valued at \$17,816,068 during the first four months of 1952.

## Traffic Deaths Increase 49 Per Cent

EDMONTON — A 25 per cent increase in traffic accidents and a jump of 49 per cent in the death rate for the first six months of 1953 was reported Wednesday by the Alberta Safety Council.

By the end of June, 82 persons had been killed in 7,857 accidents. Noting that 18 fatalities occurred on country roads in June while there were none in the cities, the council issued warning precautions to travellers taking rural routes.

## Canada Has World's Best Money

EDMONTON — "Canada has the world's best money," said the Hon. George Prudham, federal minister of mines, in a public meeting recently.

Mr. Prudham, seeking re-election in the Edmonton West riding, told the meeting that a good government has helped to build up international confidence in Canada and has raised the Canadian dollar to its premier position as the world's "best money."

the light will have to be supplemented by suitable arrangement of artificial light fixtures. Such good lighting arrangements are becoming more common in newer buildings and homes. In older buildings insufficient thought was given to lighting problems and it was not realized that eye strain comes most commonly from poor light. Even in these older buildings suitable lighting can be obtained by improving existing arrangements. It is false economy to try to save on daylight, electricity or kerosene.

### TEETH

A word to teenagers about teeth. Tooth decay is often most active during the teens; the damage can be lessened by regular brushing morning and night; and don't eat too many sugary things! To be on the safe side, you should have regular dental checkups.

## Indian Chief Applies Her "Warpaint"

LIPSTICK IS THE ONLY "warpaint" worn by Mrs. Arletia Lisver, first woman Indian chief in Canada. Shown here in her full ceremonial headdress, the Chippewa Chief lives on the Indian reservation at Muncy, Ont., where she is assisted in handling the affairs of her people by a council composed of both men and women.

## Alberta Farmer Develops New Wheat Strain; 92-day Growth

EDMONTON, Alta. — (BUP) — Canada's agricultural frontier soon may be pushed farther north because of the research done by an Alberta farmer.

## 165 Alberta Scouts Going To Ottawa

An estimated 4,000 Boy Scouts, 165 of them from Alberta, will take part in the Canadian Jamboree at Connaught Ranges, near Ottawa, July 18 to 26.

Provincial leader F. S. Fry, Calgary, with executive officer Paul Krueger, of Edmonton, will head the five Alberta troops.

Father Lessard of McLennan is leader of the northern Alberta troops; M. Macintyre of Drumheller, the Central Alberta; William Jewkes the Calgary; Charlie Crowhurst the southern Alberta; and Dr. D. B. Robinson, the Edmonton troop.

The Alberta troops will meet in Calgary July 15 for a 24-hour pre-camp session when they will practise the burning of charcoal, to be used at the jamboree, as well as the erection of the 24-foot signalling tower which will represent Alberta in the provincial displays.

The Alberta unit will leave Calgary by special train July 16 and will return July 29. Highlights of the jamboree include archery demonstrations, master-at-arms tournament, RCAF and army displays of planes and jeeps, and a tour of Ottawa city.

## Girls Seeks Father Working in Alberta

A daughter of American-born Hubert Byron Brown, whom she has not seen since she was a small child, has asked the Salvation Army for assistance in locating her father.

The young lady said she has reason to believe her father may be working on an Alberta farm. Mr. Brown is described as follows:

E. W. Manchester, of Jarvie, 80 miles north of Edmonton, has developed a strain of wheat which has given indications of maturing 92 days after seeding. It stands about 30 inches high when headed, and has been grown by Manchester for 16 years.

Before the new strain can possibly reach Canadian markets, however, it must pass three years of severe testing. It must prove to be rust resistant and it must pass preliminary milling and baking tests to be carried out at the University of Alberta this year.

Then it will be tested on a national scale, and comprehensive quality data will be collected. If it passes all these requirements, Manchester's strain, which he calls "Early Harvest," may then be registered.

"Early Harvest" is being grown in eight or nine localities throughout the province this year, and its 92-day growing span would easily fit into the average 170 frost-free days in the area 350 miles north of Edmonton.

Manchester said "Early Harvest" yielded almost 50 bushels to the acre last year, on soil that was not fertilized. He planted more of it this year, on April 23, and May 5 it was appearing above ground. Two weeks later it was heading. By the first of August, Manchester said, he will be harvesting the grain.

"Early Harvest" is a hybrid developed basically from Marquis and Red Fife. The strain has been holding its characteristics through the past 16 years, according to Manchester's reports.

5' 8" tall; blue eyes, fair complexion.

Anyone knowing the whereabouts of Mr. Brown is asked to contact the Salvation Army Social Service Centre, 515 1st St. E., Calgary, during office hours.

## Hayes Re-elected Livestock Co-op Head

EDMONTON — C. P. Hayes of Strome was re-elected president of the Alberta Livestock Co-operative at a board meeting following the two-day annual meeting.

Other officers elected were: first vice-president, J. T. Holland, Fleet, and second vice-president, R. H. Carlyle, Blackfalds.

The co-operative passed a resolution asking the provincial government to set up legislation making way for the establishment of marketing boards.

## Tractor Claims Another Victim

WAINWRIGHT, Alta. (BUP) — A recent immigrant from Germany, Helmar Ederik, was killed near Wainwright when the tractor which he was driving overturned in a ditch.

Ederik, an employee of Ralph King of Fabian, was trapped under the tractor. The accident occurred a few miles north of Fabian, and was seen by a neighbor, J. Taylor, who notified RCMP.

### Did Work All Right

"That new saw I bought is worthless," he stormed, "why, it wouldn't cut butter."

His small son, Tommy, looked up in surprise. "Oh yes, it would dad," he exclaimed earnestly. "Why, Ted and I sawed a whole brick in two with it this morning in no time."

By H. J. Mather, B.Sc., Assistant Director, Line Elevators Farm Service, Winnipeg, Manitoba.

Sponsored by the following companies: Federal Alberta Pacific Pioneer Canadian Consolidated, Patterson, McCabe, Parrish & Heimbecker, Inter-Ocean, Independent Ellison Milling, Canada West and Quaker Oats.

## SUMMER FIELD DAYS AND FAIRS

The season of agricultural Field Days and Fairs is with us again. These summer events provide an opportunity for farmers to secure the latest and best information available on new farm practices, new crop varieties, and new methods of controlling weeds, plant diseases and insect pests.

Field Days. During the next few months a number of Field Days on special farm topics will be held at the various Experimental Farms and Illustration Stations throughout the Prairie Provinces. Short Courses and Field Days will also be conducted at the provincial Schools of Agriculture. In addition, the provincial Departments of Agriculture will hold numerous Field Days and Demonstrations. The common aim of all these events is, through field trips and demonstrations, to promote new, sound farm practices leading toward the solution of major crop production problems. Tremendous developments and advances in agriculture are now taking place. Consequently, farmers should make every effort, sometime during the summer months, to visit their nearest Experimental Farm, Illustration Station, or provincial Agricultural School, or to attend an Agricultural Field Day.

Country Fairs. There is the Agricultural Fair. A day at the Fair can, of course, be devoted entirely to entertainment, or it can be made extremely valuable in an educational way. True, the Grandstand, the side shows, and other amusements are a necessary part of the modern country Fair, but they are not, and should not be considered, as important as the educational features of the Fair. Be sure and visit the various displays and exhibits at your local Fair. You will find them not only attractive and interesting, but instructive as well. And don't forget, your local Fair needs and deserves your fullest support.

## 1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every item published on "The Most Embarrassing Moment of My Life." To qualify, items must be true, personal incidents. Address "Embarrassing Moments," P.O. Box 4430, South Edmonton.

One day my brother was sick, so he went outside for fresh air because he said he might feel better. I was in the house busy with my home work. Finally the door opened. I yelled "Well, Mike, are you feeling better?" Was I ever embarrassed when a strange man replied, "I wasn't sick in the first place."

A. M.

Nestow, Alta.

## Quick Canadian Quiz No. 122

1. What city is located at the junction of the Red and Assiniboine Rivers?
2. How much will Canadians put up this year for new construction, machinery and equipment, repair of existing plant and structures?
3. Do more Canadians earn their living in the factories or on the farms?
4. Which is the fourth largest province?
5. In what cities in eastern Canada are manufacturing wages highest?

ANSWERS: 5. Wages are highest in Hamilton and Windsor, Ont. 3. In the factories; almost half as many again as are employed in agriculture. 1. Winnipeg, Man. 4. Alberta (after Que., Ont., B.C.). 2. This year Canadians will invest \$7,446,000,000.

(Material supplied by the editors of Quick Canadian Facts, the handbook of facts about Canada.)

Taxpayers are warned of dividend difficulties.

## THE LIGHTER SIDE

**Bless The Children Dept.**  
Teen-Age Joe: Whassa idea of wearing my raincoat?  
His Brother Bill: You wouldn't want me to get your new suit wet, wouldja?

**Appropriate**  
Visitor: "And what's the building over there?"  
A Sophomore: "Oh, that's the greenhouse."  
Visitor: "I didn't know that the freshmen had a dormitory all to themselves."

**A Mistake**  
"So Miss Golrock broke off her engagement with that magazine editor, did she?"  
"Yes, she wrote him some love letters and he returned them with a rejection slip stating that while he was always pleased to see such things and they undoubtedly possessed merit, he was greatly overstocked with other contributions of a similar nature."

**A Happy Day**  
Returning home at night from the office, the father asked his children about their behavior that day.  
"Oh, we've been good," said little Nancy. "I washed the dishes."  
"And I wiped them," added Peter.  
"And what about you, Dicky?" the father asked, turning to the smallest member of the family.  
"I picked up the pieces," he replied cheerfully.

**They Run High**  
She: "What's harder than a diamond?"  
He (absently): "Paying for it."

**A Resemblance**  
A company of cadets was lined up on the field of inspection, and as the officer strode down the line, he stopped before a young man and said:  
"You remind me of General Grant."

"Really, sir," said the cadet, eagerly.  
"Yes," said the officer, "he didn't shave, either."

**Knew Her English**  
During the last war an American doughboy on leave picked up a cute little mademoiselle and took her to a Parisian cafe for dinner.

During the first course he consulted his French dictionary, and with a fine Brooklyn accent breathed, "Je t'adore."  
The little lady fired back, "Shut the door yourself—you laze Yankee."

**Terrible!**  
When the flood was over and Noah had freed all the animals, he returned to the ark to make sure all had left. He found two snakes in the corner, weeping.  
"What's the matter?" Noah asked.  
"You told us to go forth and multiply upon the earth, and we are both adders."

## Quickly Jailed After Robbery

EDMONTON (BUP) — City police arrested Roger Gauthier, no fixed abode, for the theft of more than \$2,150 from a recently-arrived immigrant.

Gauthier was living in the same rooming house as the immigrant, Adolph Linge. Tuesday Gauthier came to the house in a taxi and asked to go into Linge's room to pick up some belongings. When Linge came home he discovered that a metal box containing \$150 cash and over \$2,000 worth of antiques, was missing.

Detectives, acting on information from the taxi driver, found Gauthier and another man in a downtown hotel room, as well as the metal box and some of its contents.

Gauthier pleaded guilty to the theft charge in police court, and was remanded eight days for sentence.

LOST—3 Heifers, two with white faces and one with white and brown face. Edward Bork, Styal, Alberta. CJ 18-25

### Rather Unkind

TOLEDO, Ohio.—Mrs. Lela Sorrell, 53, admitted to Judge John Q. Carey that she "just prodded her husband a bit to get him out of bed so he would get to work on time." The judge gave her five years' probation for cutting with intent to wound and suggested any future prodding be done with something less deadly than a butcher knife.

Pearson says U.N. Assembly will renew peace bid.

### Stock Awards At Edmonton

EDMONTON—Grand and reserve championships in both bull and female classes of Holstein-Friesian cattle judging at the Edmonton Exhibition were won by animals from the Pickard and Clark herd of Carstairs. Entries of the J. W. Hosford and Son farm of South Edmonton took seven firsts in other events.

W. Lyle Robinson of Verruillon won the Joseph H. Johnston Memorial Trophy for the second year with the champion Shorthorn, a two-year-old heifer.

A summer-yearling bull exhibited by T. C. Hamilton of Innisfail, won junior and grand champion bull awards.

W. E. Hills of Camrose exhibited the senior champion shorthorn bull and Algar Lyseng of Camrose entered the reserve senior champion.

Junior and reserve grand championships in the female section were won by William Melnyk and Sons of Chipman.

S. W. Sheppard of Edmonton won the senior and grand championship boar honors in the Yorkshire division. The entry of Lord Rodney of Fort Saskatchewan was senior and grand champion sow in the breed.

Ernest Prill of Mannville won the junior and reserve grand championship in boars and the junior and reserve grand championship in sows.

He also showed the reserve junior boar. O. N. Harter of Edmonton exhibited the reserve junior sow. Peter Wylie of Leduc entered the reserve senior boar and Lord Rodney the reserve senior sow.

### Huge Plant Ready To Start

EDMONTON, Alta. (BUP)—Edmonton's "industry row" hummed with new activity last week when the Canadian Chemical Company's \$55,000,000 plant went on production, manager Vincent Anwyll said.

First unit of the plant to go into operation was the yarn building, which is ready for initial operations.

The huge plant, which took two years to build, is the most ambitious of a series of multi-million dollar projects between East Edmonton and Clover Bar.

Other large-scale developments in the area include the \$13,000,000 plant, where construction is to be Canadian Industries Ltd. polythene completed by October; oil refineries of Imperial Oil, McColl Frontenac and British-American companies, each costing about \$10,000,000; the pumping station of the Inter-Provincial Pipeline company, and several other industrial plants.

About 2,500 construction workers were employed at the Canadian Chemical Company plant at the peak of construction.

Company officials said raw materials for yarns, are being imported from the United States until they can be produced locally.

Atlanta dentist is awarded a patent for a musical headrest.

### Farm Policy Called Vague

WINGHAM, Ont.—Prime Minister St. Laurent attacked the Progressive Conservative farm policy as vague.

Campaigning in rural western Ontario, he hit at the agriculture "fair price" plank in the Opposi-

tion's manifesto given out last Friday.

Mr. St. Laurent said he doubts that "many hard-headed farmers are going to prefer vague promises of national agricultural boards" to the present government.

Also, he doubted if they would show preference for the Progressive Conservatives' "undisclosed plans" for breaking dollar-sterling barriers to stimulate trade.

There is no need to turn the town up-side-down looking for a Good Used Car or Truck buy, when . . .

# HOLIDAY NEWS...

## IN PICTURES!

Summer is the great Canadian Holiday season. And from one end of Canada to another hundreds of vacation spots beckon to the holiday-seeker. Here we take you on a picture trip from the Rocky Mountains on the west to Cape Breton on the east.

Our neighboring province — Saskatchewan, though known as a land of flat prairie has many beauty spots. Here is a sailing canoe on peaceful Cream Lake, Prince Albert National Park.

The next province, eastward, to Saskatchewan is Manitoba and there the favorite vacation spot is Riding Mountain National Park. Here we see the quiet pastoral beauty of the north shore of Clear Lake in this famous park, sixty miles north of Brandon.

Rustic construction suiting the surroundings, mark the Museum Building at Manitoba Riding Mountain National Park.

Three thousand miles from Alberta is Cape Breton, an important island off the coast of Nova Scotia. Here we see one of the thousands of tourists who yearly visit on Cape Breton, at the entrance to lovely Cape Breton Highlands National Park.

Back home in Alberta we have a popular spot for family picnics, swimming, boating and sports of all kinds. Visitors love to see and take pictures of the buffalo who make their year-round home at this resort. Once monarchs of the open range, bison graze quietly within the confines of Elk Island National Park, only 30 miles east of Edmonton.

In the Rocky Mountains of Alberta and British Columbia visitors like to go out on day-long and even week-long trail rides through majestic splendor. Here trail-riders stop to view a pretty lake set like a diamond between the mountains.

## Missionaries From Liberia And India To Address Convention

EDMONTON—"That Thy Way Be Known," will be the Theme of the Western Canada Women's Missionary Convention, when they meet at St. John's Evangelical Church July 8 and 9.

Following registration Tuesday evening, delegates will be guests at a social evening at Trinity Lutheran Church.

Convention proceedings will open with the observance of Holy Communion Wednesday morning with Rev. R. Krisch and Dr. Franklin Clark Fry, President ULCA as celebrants. Morning session will include reports of Executive Officers.

Afternoon session will include reports from the Departmental secretaries and an address by Mrs. M. F. Rheingans, official delegate from the WMS, Milwaukee, Wis. Deaconess, Sister Bertha Becker will lead a panel discussion on the various missionary departments. Thursday sessions will include

Election of Officers followed by the Report of the Lutheran World Convention held at Hannover last year, delivered by Mrs. E. J. Treusch. An address by Mrs. H. Kleiner, recently returned from India will conclude the actual convention proceedings.

During the course of the convention a City Tour will be arranged for the benefit of the delegates.

Thursday evening a banquet will be held in the Corona Hotel, guest speakers will be Rev. H. Kleiner, Missionary from India and Rev. M. Ruccius, missionary from Liberia. Banquet guests will be entertained by a short program sponsored by the WMS Societies of St. John's and Trinity Lutheran Churches.

## Well Known Landmark Disappears

SALISBURY—What was probably one of the last few remaining old land marks in this part of the country has been demolished.

A barn built in 1906 on the farm of the late Mr. Albert Stannard, now owned by two of his sons, Roy and James and known as Stannard Bros., has been torn down to make way for a new and modern dairy barn.

Lumber for the old building was cut and sawed from trees growing on the farm. The ground has been levelled and work on the new structure will begin shortly.

## Woodward's Float Wins Parade Trophy

EDMONTON—Drawing acclaim from the thousands who jammed the parade route, the float entered by C. Woodward Ltd. of Edmonton was judged the best in the parade.

An authentic replica of the Corporation coach, complete with

matching grey horses and footmen, the float represented more than a month of work by the display staff of the store. This is the third straight year that Woodward's Edmonton store has taken the trophy.

The trophy was presented by Henry Birks and Sons Western Ltd., and presented at the Exhibition grandstand opening night by L. S. Nelson, manager of the Birks Edmonton store.

The Purple Lantern restaurant won the Canada Safeway trophy for the best float entered by a city firm. The Ponoka 4-H Club won the Exhibition trophy for the best float entered by a junior farm group.

## Hear Minister On Christian Education

Rev. Morse Albert Johnson, minister for seven years at Clover Bar, has been appointed Christian education field secretary for the Alberta conference of the United Church.

## Two Contest Yellowknife Riding

YELLOWKNIFE—Two candidates have been named so far to contest the new federal constituency of Mackenzie River in the forthcoming election.

The Progressive Conservative nominee is A. T. Rivett of Yellowknife and Mervin Hardie of Yellowknife, is the Liberal candidate.

The Mackenzie River riding was created under the new distribution bill from the old riding of Yukon-Mackenzie.

## Rabies Takes Heavy Toll Dogs and Cats

EDMONTON—More than 530 dogs have been destroyed in the first five months of the year under an Edmonton by-law which requires all dogs be kept off streets unless tethered. Also destroyed by the pound were 641 stray cats in the five-month period.

The Liberals say  
they can't cut your taxes!

**WE CAN...**

**WE WILL!**

the *Main Issue*  
in this election is  
**YOUR MONEY!**

**We will** budget for Government's legitimate needs... we will stop budgeting for bloated surpluses which—in three years—took from the people's pockets the staggering sum of \$1,618,000,000 more than the Government needed.

**We will** end the shocking conditions in our Defence Department which the Government's own investigator, (Col. G. S. Currie) described as: "A general breakdown in the system of administration, supervision and accounting... Accounting records in a chaotic condition and of little use in determining the nature and extent of irregularities... Waste and inefficiency far more costly in loss than that covered by actual dishonesty".

**We will**, without impairing the efficiency of our Armed Forces, correct the appalling inefficiencies in the administration of the Department of National Defence.

**We will** provide the nation with an administration whose attitude towards the spending of public monies will be one of prudence and common sense. A new Government in itself will mean substantial savings to the taxpayer—it will replace a Government whose arrogant indifference to economy was best expressed by Mr. Howe's scornful remark, "What's a Million?". Or, "If they need a gold-plated piano it is our duty to buy it".

**We will** reduce or eliminate countless hidden, indirect taxes which grossly increase the cost of consumer goods, add to the grievous cost of living, increase the price of homes beyond the capacity of most of our people to pay, discourage saving and initiative.

**VOTE**

**We will** reduce federal taxes by at least \$500,000,000 a year... without reducing any pensions, family allowances, or other social security payments.

**\$500,000,000  
TAX CUT  
NOW!**

**VOTE X**

**PROGRESSIVE CONSERVATIVE**

Inserted by the Progressive Conservative Party of Canada.

## Canuk Tells Taller Tales Than Texan

WINNIPEG, Man. (BUP)—The biggest liars don't come from Texas. There is a Canadian cowboy here whose tall tales outstrip any Texan.

Andy Dodds, who lives at Sioux Narrows, Ont., recently visited the Houston, Tex., Fat Stock Show and Rodeo, and while there he thinks he made the mighty Texans feel like retired city-slickers.

"You think you Texans got all the money in the world," he told

boys. "Why, a gold mining friend of mine was whooping it up with some gals in Winnipeg and they wanted to know how to snowshoe."

"So, my buddy sent for snowshoes and had the hired help fill up his penthouse with a 16-inch layer of cornflakes so he could teach 'em."

His stories gain in exaggeration. Said Dodds to the Texans: "Why, we've got black bears up there that are even bigger than that bull I saw sold here for \$60,000 the other day."

## Largest Exhibition Parade Ever Attracts Throng Of 150 Thousand

EDMONTON — Despite cloudy skies, the one hundred and fifty thousand people that jammed the parade route saw the largest and noisiest exhibition parade ever as Edmonton celebrated the opening of the 75th anniversary of summer fairs.

The two mile long parade was more than an hour passing any single point and featured the colorful decorated floats of many city firms, members of the armed services, more than 20 bands and over one hundred horses.

A place of honor at the head of the parade went to Edmonton's police officials who sat in the first car while cars of government and civic officials followed. Other cars held exhibition officials.

The first band to pass was the massed Highland Pipe group including the famous Mackintosh Girl's Pipe Band from Vernon, B.C.

A delegation of 4-H Club members from Montana led off the junior farm group section of the parade. The junior section featured

entries from Winterburn, St. Albert, Nampa, Evansburg, Ponoka, Dewberry, Spruce Grove, East Edmonton and Lake Mene.

A large round of applause followed the C. Woodward Ltd. float which was a replica of the golden Coronation complete with mannequins representing the Queen and Prince Philip. Eight grey horses and colorful footmen accompanied the float.

Parade officials were high in their praise of all who took part in the parade and of the behavior of spectators and motorists. Police had little if any difficulty in handling the huge crowd.

Dill Pace, of Sweetwater, Tex., complained to the police that pranksters, during a month-long series of raids, had stolen one shoe from each of his 15 pairs.
